Product Information:

The Sun Shower is a lightweight turnout rug that is the perfect choice when all other turnouts are too heavy and warm. It is developed to cater for both rain and sunshine.

The Sun Shower has no lining only a mesh to help circulate the air around underneath the rug.

The 840 Denier Teflon shield along with the sun reflective silver outer helps to keep your horse comfortable in hot weather.

Heat reflective rugs help to reflect the sun light, preventing the rug from absorbing the heat and heating up the horse.
