

# GoLeyGo 2.0 Dog

## Features:

- Innovative, magnetic securing system for dogs
- Safe, quick–release collars and leads
- Simple, one–handed operation
- High quality, lightweight materials

## Product Information:

The GoLeyGo magnetic securing system cleverly combines animal well–being and user–friendliness with a range of innovative dog products.

This device works with a magnetic–fastener–system, which can be released quickly and safely under tension. The adapter–pin, which is mounted on the collar ring, locks automatically with the magnet in the fastener and becomes securely fastened. The rope is connected to the lock without knots or chunky metal clamps but a simple, release mechanism that can be operated safely and quickly with one hand.

The GoLeyGo fastener is made from high quality materials and impresses with both its quick–release function and simple, one–handed operation. Combined with quality leads and collars, this unique innovation sets new standards in animal control.
