Product Information:

The Irish Turnout rugs are a performance rug that gives value for money and super flexibility to suit your horse's needs.

It is fully waterproof and breathable with a 1200 denier ripstop outer. The silk-feel lining shoulder darts give your horse extra room and comfort while keeping its coat in great condition.

Ripstop Polyester is a polyester fabric specially woven in a cross-hatch pattern and interwoven with reinforcement threads. The ripstop weave means the polyester is less likely to continuously tear, making it more durable than standard polyester and a perfect textile for horsey shenanigans.
