

# Medibit Worming Bit

## Features:

- Worming bit
- Easy to use
- Durable Plastic bit
- Worming paste problems

## Product Information:

The new Medibit is an ideal solution. The required worming paste, mineral supplement or other tube-based remedy is firstly fitted into the plastic bit. The bit is then slipped into the horse's mouth, and the strap placed over the ears where it is pulled up firm. The tube content can then be expelled in a controlled and convenient manner. The paste or remedy is placed correctly on the back of the horse's tongue where it can not be expelled. The

Medibit has a familiar feel for the horse, thus calming the animal. A special adaptor part is included in the bit pack for the purpose of fitting various sizes of paste syringes to make the Medibit truly universal.
