

Cow Lifter Quick Lift

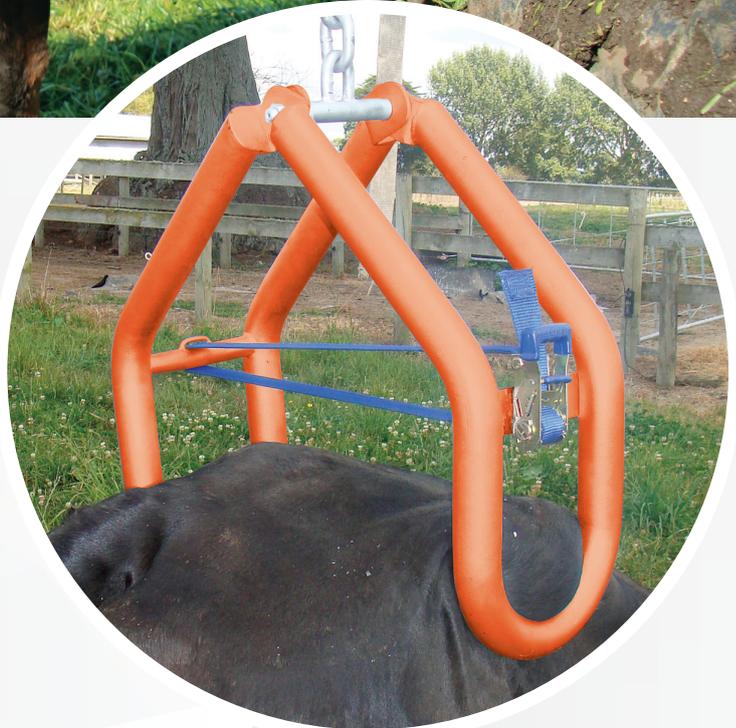

Features:

- High strength
- Lightweight
- Quick and simple to use
- Comfortable fit for cow

Product Information:

Quick-Lift is Shoof's new quick-release cow lifter. Lightweight and easy to use, Quick-Lift features large, 50mm-o.d. pipe making it a more comfortable fit on the cow.

Quick-Lift is simply slipped onto the pin bones and ratcheted tight with a few quick strokes on the ratchet lever. If the cow needs to be released quickly, the ratchet lever is simply pulled down and the clamp instantly opens. Quick, easy, no fuss. No handle to lose, or spindle to damage or bend. Replacement ratchet assembly is available (complete with strap) and is easily fitted. This is a great device and a credit to the Shoof development team. Design application No. NZ418621.
