

# Bucas Buzz-Off (Combo)

## Features:

- Specially developed lightweight fine mesh fabric
- UV Protection
- Belly pad for added protection and fit
- Silk feel lining on shoulders and crest of the neck
- Comes as Combo with neck piece included

## Product Information:

The Buzz-Off fly sheets provide protection of the body and neck of the horse. The belly pad ensures that the rug is kept in place as well as protecting the belly from insects and flies. These fly sheets are made from a specially developed lightweight fine mesh fabric that helps lock out flies and protects against the sun bleaching your horse's coat. Additional features include silk-feel lining on the shoulders and at the crest of the neck, shoulder darts and leg straps included.

Research has discovered that flies hate the Zebra stripes as they find it confusing. This keeps them away from your horse.
